The Homer Fitts Company

GOT WARM RECEPTION.

Presentation of "The Cotter's Saturday Night" in Barre.

The presentation of "The Cotter's Saturday Night," an original adaptation of Burns' poem, by the Scottish Musical Comedy Co. of Boston, received a warm reception at the hands of a large audience in the opera house last evening. The entertainment was under the patronage of Chas. Gordon, No. 12, O. S. C., and they are to be encouraged for bringing to Barre entertainments of a high character as was the one last evening. It was a pleasing diversion from the usual mixed concert as has been given in years past.

The scene takes place in a kitchen of a peasant's cottage on a Saturday night sometime in 1790. Margaret Anderson, the wife of a lowland farmer, is seated at the table, busy with her knitting. Jeannie, the daughter, makes a weekly visit to her home to turn her wages over to the father. She is conveyed home by Donald Douglas, son of a laird. After a day's work is over the farmer, John Anderson, returns to his "wee hoose" for the evening meal and family worship. Jamie, the son, and Tammas Cuthbertson, a neighbor, complete the party, and opportunities for expressions of Scotch character are many. Interesting anecdotes that were extremely amusing were compounded and the Scotch humor mingled with facial expressions brought laughter that was hearty. Chief among the entertainers was James Gilbert, the neighbor, who portrayed the obstinate characteristic with delight. His "Kate Dalrymple" was given in a style that brought down the house. Jeannie H. Tanner, in a rich contralto voice, pleased all with her "John Anderson, My Jo." John E. Davis, as the farmer, gave a pleasing baritone voice and used it to good advantage in "Hurrah for the Highlands." Margaret K. Alexander, the daughter, won her audience from the start with her pleasant manner, and her rendering of "My Laddie" was a delight. Perhaps the one selection which received the loudest and most prolonged applause was Burns' "idea of worldly brotherhood," which at this time was very appropriate. In "A Man's a Man," James Singer had to respond to several encores. "Loch Lomond," by Thomas Henderson, the laird's son, was sung in Mr. Henderson's sympathetic manner and was the best rendition ever heard in Barre. Other well-known Scotch songs, duets and quartets were well received. Each and every one of the six members of the company was at his best, and singing and acting alike was of the highest order. Altogether it was an evening of real pleasure and had the approval of the large audience. Mrs. Gilbert acted acceptably as accompanist.

First in the city with maple syrup of the 1917 brew was Gardner Poir, an East Brookfield farmer, who disposed of a small quantity to local purchasers at a price of 15 cents per quart.

Mr. Poor tapped his sugar place early in the week, but the maples did little to encourage him and only a small flow of sap was gathered. Cold winds have militated against the sugar maker and other farmers who tapped this week are of the opinion that little sugar will be made before April 1. For his first run, Mr. Poor produced syrup of excellent quality and found more purchasers than he could supply.

The going price was \$2.

Mrs. Peter Voren of Brooklyn street went last night to Plainfield, where she was called by the serious condition of her father, Arthur Lane, aged 70, who was badly injured in a runaway accident yesterday. Reports from Mr. Lane's bedside to-day indicate that he is in a bad way and it was thought that he would have to be removed to a hospital.

Mr. Lane and Daniel Page were driving into Main street in Plainfield yesterday when the horses became frightened at the train and started to run. Each man took a hand in trying to halt them, but as they turned the corner the pair were thrown into the street. Mr. Page escaped with minor injuries, but Mr. Lane fared worse, as he landed on the sidewalk and is believed to have been struck by a milk can. It is thought that three lower ribs were loosened from the spine and a hip bone fractured. The injured man is an uncle of G. A. Lane, A. B. Lane and W. A. Lane of this city. Relatives in Boston have been notified of the accident and they are expected to arrive in Plainfield to-morrow.

Goddard trackmen are working out every day, several of the team taking the long run to Dodge bridge on the Montpelier road daily, while the weight men are laboring with the shot in front of the school buildings at the campus, where the snow has completely disappeared.

Prospects of a good team are looking very bright at present, as there are about a dozen of the runners, who are making the run to and from Dodge bridge without any particular weak ones in the lot. Mowles, a former Boston schoolboy, is a fast man on the sprints and is showing good time in the long distance runs.

Guernsey, the speed king of last year's squad, is again in fine shape, while others of less experience will give a good account of themselves before the season's schedule is completed.

Mr. Blann plans to make a stay of several days with relatives here.

Rain and the process of attrition by the spring sun has started the snow melting and with the stiff southeast wind and rain the morning will be a wet one. Stevens branches, together with contiguous streams, were heavily watered to-day, although the danger of a flood was not imminent and property holders who usually experience inundations were not at all worried. A "fine, strong wind, full of wind" was broken by a rainfall early this morning, the first in many weeks, and quantities of snow, especially on the hill streets, were quickly converted into water. In mid-forenoon the clouds cleared and the possibilities of high water were partially relieved.

Arrangements for the baseball season at Spaulding high school are practically completed, the schedule negotiations in charge of Manager Leonard Thomson having been brought near their close to-day. Originally 13 games were arranged, but the advice of the faculty in cutting the number to 10 has been followed, it is said. The schedule is to include most of the teams that Spaulding encountered in basketball. Games with Goddard seminary were in the air, but faculty objections cited by members of the team in explaining why the seminary is not a fixture on the season's program. At present spring practice, under Coach C. L. Brown, is confined to the gymnasium.

Chief Master-at-Arms C. Mitchell of the recruiting station at Montpelier was a visitor in the city yesterday, and while in town distributed advertising matter on the navy.
